How we started

Janez Potočnik – Commissioner
Anton Anton – president
ANCS
Mihail Hărdău – Minister of
Education and research

Brussels, 21 March 2006

Romanian Office for
Science and Technology

Only healthy ideas can fly all over the world

Legal frame

The establishment in Brussels of the Romanian Office for Science and Technology to European Union, was approved by the Government Decision No. 787/2005, having the goal to strengthen the Romanian participation in the ERA.

ROST belongs to the Ministry of Research, Innovation and Digitalisation and acts under the supervision of the Department in charge with European Affairs and international cooperation.

Romanian Office for
Science and Technology

Only healthy ideas can fly all over the world

Romanian Office for Science and Technology to the European Union - ROST -

Following services are provided to the Romanian R&D and Innovation institutions, public or private, and scientific community:

- promotion of the Romanian research-development-innovation system;
- searching and facilitating links with European partners;
- specific dissemination and promotion;
- facilitating the connections with the European institutions, similar bodies, national institutions and organisations;
- recommendations regarding the European best-practices in the research-development-innovation field.

Expected results on long term:

- * achieving a participation level of the Romanian scientific community in the research and innovation framework-programmes comparable to the European average;
 - * gradually increasing the integration of the Romanian scientific community in the research and innovation framework programmes.
- 6 vacancies are reserved for the R&D&I Romanian public and private institutions interested in participating in the European research and innovation programmes. Specific Protocols of cooperation are signed to this end..

Our "family" - IGLO

<https://iglortd.org/>

IGLO is an informal association of Brussels-based non-profit R&D Liaison Offices. The aim of IGLO is to facilitate and enhance the interaction, information exchange and co-operation between Members of IGLO, their national research systems and the European institutions on issues related to EU RTD, in particular, the Framework Programme. Every month, on the first day of Tuesday, the meeting of the heads of offices takes place. In addition to the exchange of information taking place, an invited person from the European Commission presents a relevant topic on the ERA or Horizon Europe.
